### Secureworks Lifecycle Policy

Documentation regarding the Secureworks lifecycle can be found at this URL  
[http://www.secureworks.com/contact/client\\_support/lifecycle-policy/](http://www.secureworks.com/contact/client_support/lifecycle-policy/)

Secureworks strives to provide the highest quality services by continually enhancing our tools and service platforms. As new updates for firmware and hardware are developed it becomes necessary to End of Sale (EOS) and End of Life (EOL) legacy products and services. EOS/EOL

notifications are intended to provide information and required actions regarding upcoming lifecycle activities.

Classification: //Secureworks/Public Use:

## Key Terms and Definitions

1. EOS: End of Sale indicates a particular hardware model, firmware version, or service line is no longer available for sale; however **this model is still supported until the EOL date**. Support for products which have entered an EOS status but not yet reached EOL includes security content, upgrades for critical bugs, warranty services, and customer support.
2. EOL: End of Life indicates end of all support for a given hardware model, firmware version, or service line. No security content, no upgrades, no customer support and no warranty services are available when a product has passed its EOL date.
